

BANK POSITIONS CURRENTLY AVAILABLE

Please refer to the NHS Jobs website using the reference number for the post you are interested in for more information and details of how to apply.

BAND 3 – BANK ADMINISTRATOR – JOB REFERENCE NO: 779-RS-01

We are currently seeking to extend our Bank list for Admin and Clerical workers. Duties covered by bank staff include reception, typing, filing, answering telephones and inputting referrals. These posts are on an “as and when” basis working across Hounslow & Richmond Community Health Care NHS Trust Provider Services.

BAND 3 – BANK HEALTHCARE ASSISTANT – JOB REFERENCE NO: 779-RS-08

The Community Clinics currently operate Monday to Friday 8.30am to 5pm, with a wide range of clinics from leg ulcer, Doppler & phlebotomy.

As a Healthcare Assistant within the community you will work under the guidance of the District Nurse Team leader to carryout nursing care as required for the housebound residents of Hounslow and Richmond. The successful candidates will be Health Care Assistants who can demonstrate the necessary clinical skills to deliver to a high quality service that is responsive to the needs of the client group.

BAND 5 – BANK COMMUNITY NURSE – JOB REFERENCE NO: 779-RS-05

We are looking to recruit experienced and motivated Staff Nurses to join our Community Nursing Teams within Hounslow & Richmond Community Healthcare NHS Trust. The Community Clinics currently operate Monday to Friday 8.30am to 4.30pm, at various locations across the Trust with a wide range of clinics from treatment room, leg ulcer, Doppler.

As a staff nurse within the community you will work under the guidance of the District Nurse Team Leader to carryout nursing care as required for the housebound residents of Hounslow and Richmond. This service currently operates a shift system 7am – 7pm, 7 days a week.

BAND 6 – BANK COMMUNITY NURSE – JOB REFERENCE NO: 779-RS-06

We have a number of exciting opportunities for experienced and passionate nurses within the Community Nursing Service supporting the Out of Hospital Strategy in both the London Boroughs of Richmond and Hounslow.

You will be required to work as part of the Community Nursing service covering 7am to 7 pm, 7 days a week. You should be committed to a holistic, person centered approach, be an exceptional team player and demonstrate a strong customer/client focus.

BAND 6 – BANK HEALTH VISITOR – REFERENCE NO: 16920015 – JOB REFERENCE NO: 779-RS-02

We are seeking to recruit a number of enthusiastic, innovative and motivated Health Visitors to join our Health Visiting Service.

We can offer a range of diverse health visiting opportunities across Hounslow and Richmond localities. We offer excellent mentorship and supervision for newly qualified Health Visitors - as well as fantastic training and development opportunities for all our Health Visitors regardless of experience.

BAND 6 - BANK PHYSIOTHERAPIST – JOB REFERENCE NO: 779-RS-03

The purpose of the Richmond Response & Rehabilitation Team is to work with patients and service users and core enablers to maximise their physical and social functioning to enable them to remain within the community for as long as possible. The multi-disciplinary team undertakes all elements of hospital discharge work including hospital liaison and case finding.

The Physiotherapist will work with patients and service users and their carers in assessing need, setting goals and reviewing outcomes in order to reduce the need for long-term support.

BAND 7 – BANK SENIOR PHYSIOTHERAPIST – JOB REFERENCE NO: 779-RS-04

We require Senior Physiotherapists to join the bank to provide clinical and professional leadership across the team and assist in co-ordinating the delivery and development of Physiotherapy services on an 'as and when' basis.

BAND 7 – BANK COMMUNITY MATRON – JOB REFERENCE NO: 779-RS-07

To work with patients, focussing proactively on managing individuals who have complex long term conditions to prevent inappropriate hospital admissions. The role will incorporate working within a community nursing team and in partnership with primary health care and social care professionals, providing expert case management, clinical assessment, diagnosis and individualised treatment plans, promoting self-management.
